

Logitech Ergo Series ERGO M575S(910-007029)

Logitech Ergo Series ERGO M575S - Trackball - ergonomic - optical - 5 buttons - wireless - Bluetooth, 2.4 GHz - Logitech Logi Bolt USB receiver - graphite

Discover the Logitech Ergo Series ERGO M575S, a trackball designed to deliver comfort and precision. With its ergonomic shape, it reduces hand and wrist strain, making it ideal for extended use. The ERGO M575S features Logitech Advanced Optical Tracking and a high-resolution 2000 DPI sensor for smooth and accurate cursor control. It also offers the convenience of dual connectivity, allowing you to connect via Bluetooth or the 2.4 GHz Logi Bolt USB receiver, ensuring a reliable connection up to 10 m away. Additionally, the trackball is equipped with 3 programmable buttons, giving you the flexibility to customize your control experience. Quiet Clicks technology ensures a quieter work environment, while its construction from recycled post-consumer plastic demonstrates Logitech's commitment to sustainability. Whether for work or play, the ERGO M575S trackball is designed to enhance your productivity and support your environmental values.

Key Selling Points

- Ergonomic design for enhanced comfort and productivity
- 2000 DPI optical tracking for precise navigation
- Dual connectivity with Bluetooth and 2.4 GHz wireless options
- 3 programmable buttons for customized control
- Made with recycled plastic, supporting environmental sustainability

Product Features

Ergonomic comfort

Designed with an ergonomic shape to reduce strain on hands and wrists, the ERGO M575S ensures comfortable use for extended periods. Its thoughtful design promotes a natural hand position, making it a perfect choice for those seeking comfort and efficiency in their daily tasks.

Precision tracking

Featuring Logitech Advanced Optical Tracking and a high-resolution 2000 DPI sensor, the ERGO M575S offers exceptional precision and smooth navigation. Realtime sensitivity switching allows users to adapt to different tasks effortlessly, enhancing productivity and user experience.

Wireless connectivity

Equipped with dual connectivity options, including Bluetooth and a 2.4 GHz Logi Bolt USB receiver, the ERGO M575S provides a reliable and clutter-free connection up to 10 m away. Its compatibility with Bluetooth Low Energy ensures a stable connection with minimal power consumption.

Sustainable design

The ERGO M575S is not only designed for comfort and performance but also with sustainability in mind. Made of recycled post-consumer plastic, it represents Logitech's commitment to reducing environmental impact without compromising on quality or functionality.

Main Specifications
